

Authorization for Aquatic Nuisance Control

LakePro, Inc. proposes to treat your waterbody for aquatic nuisances. In order to obtain the EGLE permit for treatment, all bottomland owners in the area of impact must provide written permission for treatment. If you have any questions about the treatments, you can consult the entity organizing the treatment or call LakePro at (810) 635-4400.

Please sign below and indicate your permission for treatments to take place on your waterfront.

This authorization shall remain valid whilst the undersigned owns the property identified below or until revoked by the undersigned. Revocation shall be submitted in writing via certified mail to LakePro, Inc.
